## OUTLAW STRIKERS ARE LOSING IN MANY CENTERS

Strike Center Shifts to New York And Eastern States Where Unofficial Strike Has Gained Much Ground in Forty-Eight Hours.

## CONDITIONS BETTER IN THE WEST

Rump-Strike Dwindling in Chicago Where Increased Traffic is Reported On All of The Leading Railway Lines.

President To Finish Railroad Labor Board Appointments Within Twenty-four Hours and Speedy Strike Settlement Seen

CHICAGO, APRIL 12.—(Associated Press)—New York and the East became the railroad strike center of the nation today. With the strength of the outlaw union waning in the Central States and far West, fresh additions to their ranks along the eastern seaboard threatened complete paralysis of passenger traffic as well as freight.

At least one line—the Central Railroad of New Jersey—has cancelled all passenger trains, while others, including the Pennsylvania System, have been forced to withdraw many trains.

From Pittsburgh west the strikers have made no gains of note, during the past 48 hours and have in fact lost strength in many centers.

Predictions of brotherhood heads and railroad officials that the strike had reached its peak here two days ago are borne out by the increased traffic on all lines and the action of union men in more than a score of cities who have voted to remain loyal.

A ray of hope for early settlement of the strike was seen today when Senator Cummins announced that the White House had promised to complete appointments of the railroad labor board within 24 hours. Brotherhood officials expect the striking men to return to work as soon as the railroad board begins consideration of their wage demands.

Railroad managers affiliated with the western managers association here will not receive delegations of strikers who try to present their demands formulated yesterday, it was announced. The roads are under contract with the brotherhoods and can have no dealings with outlaw unions.

Chicago remains the keystone of the strike and if the walkout here can be broken it is believed the men in the East who walked out in sympathy will quickly resume their places.

## MAY CURTAIL MANY TRAINS

(By Associated Press)

Pittsburg, April 12.—Curtailling of passenger traffic on lines entering Pittsburg appeared as a possibility of the rail strike at noon today with reports that engineers, firemen and others were holding meetings discussing the advisability of striking.

## NEW YORK HARD HIT BY STRIKE

(By Associated Press)

New York, April 12.—New York, with its back against the wall struggled desperately today to free itself from the epidemic of unauthorized railway strikes.

Commuters were the hardest hit and thousands again today were unable to get to their work.

A score of army trucks manned by soldiers from Camp Merritt were used today to unload and transport mail in Jersey City.

## MAYOR ORDERS CONFISCATION

(By Associated Press)

Toledo, O., April 12.—To avert a general industrial shutdown and suspension of street car service here during the railroad strike, Mayor Schreiber today ordered confiscation of coal on the Pennsylvania railroad tracks.

## VETERANS MEET

(By Associated Press)

Columbus, O., April 12.—Veterans of the Thirty-seventh Division were meeting here today in their first annual reunion.

## SENATOR SAYS STRIKE NEARS A 'RED REVOLT'

Post Office Department Prepares to Start Vigorous Action.

The Government Still Remains Aloof While Awaiting Labor Board.

(By Associated Press)

Washington, April 12.—Development here today in connection with the railroad strike were:

Announcement by the Post Office Department that vigorous action would be taken if the movement of mails were obstructed;

Introduction of a bill by Senator Poindexter providing imprisonment and fines for persons interfering with movement of interstate commerce;

Attorney General Palmer returned to Washington and studied reports of the situation to determine whether action by the Department of Justice was warranted;

Announcement by the Inter-State Commerce Commission that investigation of the strike scheduled to begin tomorrow would not be conducted at this time as it was desired to give the new railroad labor board an opportunity to settle the strike.

Senator Frelinghuysen, republican of New Jersey, told the Senate the strike was nearing "red revolt."

## TOLEDO IS HIT BY BAD BLAZE

(By Associated Press)

Toledo, O., April 12.—Plants of the Emerson Cap Company and the Dolphin Hosiery Company were destroyed by fire today, with a loss estimated at \$135,000.

## BRITISH MARCH INTO CONSTANTINOPLE TO COERCE TURKS

British marines in the Hippodrome Square, Constantinople.

In order to coerce the Turks and impress them with British power, a detachment of British troops recently marched into Constantinople, which city, since the armistice, had been policed by the French only. The British commander issued a proclamation

stating that the occupation would not be permanent. In the background of the above photo may be seen the Mosque of Ahmad.

## SAY GOVERNMENT LOST AT LEAST \$78,000,000 IN CAMP CONSTRUCTION

Waste, Inefficiency and Graft Alleged by Republicans While Democrats Praise Work as Notable Achievement

WASHINGTON, APRIL 12.—(Associated Press)—Two opposing reports on the long congressional investigation of the construction of army camps and cantonments were submitted to the House by the War Expenditures Committee. The majority report presented by republican members criticizes government agencies and officials in charge of the war building program, while the minority report of the democrats defended the administration.

The government lost \$78,531,521 on the 16 army cantonments, it was estimated by the majority report, which asserted this was due to "waste, inefficiency and graft" resulting from cost-plus contracts which were said to be "wide open."

Dissenting from the majority findings the minority declared the construction work was equivalent to building 32 cities each with 37,000 to 46,000 population, and added: "This tremendous task was practically completed within three months."

## BROTHERHOODS ARE IN SESSION AT CLEVELAND

Deep Interest Centers On Action To Be Taken At Conference

President Gompers and President Lee Are Attending The Meet.

(By Associated Press)

Cleveland, O., April 12.—With the exception of the Collinwood yards of the New York Central Lines, where a half dozen switchmen were working, all Cleveland freight terminals were tied up today.

Interest here centered chiefly on the outcome of a closed meeting of five local lodges of the Brotherhood of Railroad Trainmen to be held this

afternoon, at which President Lee of the trainmen and Samuel Gompers, president of the American Federation of Labor, will address the men.

## BRITISH REPLY TO THE FRENCH

(By Associated Press)

Paris, April 12.—The Earl of Derby, British Ambassador to France, delivered to Premier Millerand this afternoon the British reply to the French Premier's note of last evening. Millerand refused to discuss the contents of the note.

The opinion was expressed freely in diplomatic circles that the incident was in a fair way of being settled and that the note just delivered would prove to be the next to the last in the rapid fire exchanged of the past few days.

Premier Millerand's reply which probably will go forward tonight will be the sixth note transmitted by the government in three days' time.

## DEPARTMENT AIDE OF LANSING JOINS HIM IN BUSINESS

Lester H. Woolsey.

Lester H. Woolsey, former solicitor of the department of state, has resigned to engage in the practice of law and international matters with Robert Lansing, former secretary of state. Woolsey had important government duties during the war, especially in framing diplomatic correspondence. He had the distinction of handing Count von Bernstorff his passport. He also was a delegate on technical matters to the peace conference.

## TOLEDO TIED UP BY THE STRIKE

(By Associated Press)

Toledo, O., April 12.—Though there were indications elsewhere today of a break in the ranks of striking railroad workers, approximately five thousand men who are idle here showed no inclination of returning to work, and the freight tie-up here remains complete.

Many men are being thrown out of work today by closing of factories. Food prices are reaching new high levels here because of the acute shortage caused by the strike.

## BANDITS MAKE OFF WITH \$3,000

(By Associated Press)

Steubenville, Ohio, April 12.—Five masked men in an automobile robbed the Wheeling Traction Company's car barns near Follansbee, opposite here, this morning and escaped with about \$3,000, which was Sunday's receipts.

## NO INDICATIONS OF BREAK COMING IN STATE OF OHIO

## MEAT CLEAVER USED ON BANDIT ENDS HIS WORK

Blanchester Hold-up Ends in Arrest of Bandit Who is Held At Wilmington.

Clerk Hurlled Meat Cleaver And Struck Bandit in Leg.

(Special to The Herald)

Wilmington, O., April 12.—John Bucann, 24, ex-service man of Newport, Ky., is under arrest here as result of a daring hold-up in a meat market in Blanchester, Saturday night in which he obtained \$200 from the market and customers in the place and was badly wounded while escaping when a clerk hurled a meat cleaver at him and struck him in the thigh. It was necessary for the man to call a physician or bleed to death, so he surrendered and was given medical attention. The money was recovered.

## FRENCH TROOPS TO BE REMOVED WITHOUT DELAY

Withdrawal by Germany To Be Signal For French To Act

No Further Independent Action By France is Promised.

(By Associated Press)

London, April 12.—The latest French note on the subject of the French occupation move, received here last evening, says the French troops in Frankfurt and other occupied cities will be withdrawn immediately upon the withdrawal of the German troops from the Ruhr region.

It promises, it is stated, that no further independent action would be taken by France.

## GUATEMALAN REVOLUTION COMES AT LAST

(By Associated Press)

Washington, April 12.—The long threatened revolution in Guatemala against President Cabrera finally has broken out and State Department reports today said the revolutionists had seized the capital after fighting.

A marine guard from the United States cruiser Tacoma has been landed to protect the American legation.

## ROTARIANS ARE IN SESSION

(By Associated Press)

Toledo, O., April 12.—Seven hundred delegates from Ohio Rotary Clubs are in Toledo today for the tenth district annual conference.

Two Hundred Men Return To Work in Columbus But Elsewhere Situation is More Serious.

TRAFFIC IS TIED UP IN MANY OHIO CENTERS

Meetings Called May Change Situation For Better Or Worse in Several Cities.

(By Associated Press)

(By Associated Press)

Columbus, O., April 12.—Return of switchmen to work in yards here in any considerable number did not materialize today. Of 150 men employed on the first shift in the Pennsylvania yards not more than 6 showed up for work and several of these quit before noon.

The manufacturers and jobbers association is preparing to operate a line of motor trucks within a radius of 75 miles of Columbus to handle food products.

Reports from Akron were to the effect that striking switchmen on the Erie, B. & O., Akron, Canton and Youngstown railroads had voted to return to work today.

At Kent, Ohio, 30 switching crews in the Erie yards resumed work today.

Columbus, O., April 12.—Approximately forty percent, or about 200 members, of the striking yardmen employed by the Pennsylvania railroad here returned to work this morning, according to company officials. Yardmen of other railroad systems were meeting today to determine what action they will take.

Whether the return to work of a part of the Pennsylvania railroad yardmen is permanent, or only until after the new association of yardmen can perfect its organization, is not known, and it was said this probably will be decided at a meeting of the men this afternoon.

Portsmouth, Ohio, today reported the yardmen of the Norfolk & Western railroad there had joined the strike, and from Ashtabula came the report that switchmen there on the New York Central and Pennsylvania Lines had struck, tying up freight traffic.

Conflicting reports are given out by the members of the Brotherhood of Firemen and Enginemen and the strikers in Youngstown, and at a meeting this afternoon it will be decided whether the firemen and enginemen will join the strike, it was said. Freight traffic in Youngstown

## NOTED SPEAKERS FOR CONFERENCE

Herbert Mayer, head of the Young Peoples Division of the State Sunday School Association and Dr. Franklin McElfresh, of Columbus, will be the speakers at the Sunday School Conference Tuesday afternoon and evening at the Y. M. C. A. building.

The conference will also be the final meeting of the Teachers Training class which Dr. McElfresh has conducted in this city.

At four o'clock Tuesday afternoon Mr. Mayer will speak on "How to Make Our Young People's Department a Success." Again at seven o'clock Mr. Mayer will deliver a talk on "Our Young People Between Sundays." Dr. McElfresh will complete the program in his address "An Outlook for the Next Five Years in Our Sunday Schools."

All who wish to attend the supper at six o'clock are asked to notify the Y. M. C. A. as soon as possible. The evening session will be held in the Federated Club Rooms.

## READY TO START ON MAIN STREETS

Service Director Tracey announced Monday that probably sometime this week resurfacing work will be started on the streets in the uptown districts of the city. All sunken places in the streets will be remedied by taking out the bricks and filling the spaces with cement. All street paving will be leveled where necessary before the resurfacing material will be laid.

Because of the worn condition of the paving much trouble is expected in getting the surfaces in shape for the asphalt. Numberless places must be filled before the material can be applied.

Excavating and the tearing out of curbing and gutters is progressing at a rapid rate in other parts of the city, facilitated by the favorable weather conditions of the past week.

## TEST SEED CORN ADVISES FARMER

A prominent farmer of Northern Fayette advises farmers generally to test their seed corn to be certain that it will germinate properly and insure a stand when planted.

The farmer stated that he had selected his corn with a great deal of care and that a casual examination indicated the corn would grow, but when he made the tests he found that about 60 per cent of the corn would germinate.

He believes that because of the rainy weather last fall, which caused thousands of bushels of corn to spoil, germination was seriously damaged in much of the apparently good seed corn.

## GETS RID OF HER TROUBLES AT 75

"Tanlac is Certainly a Fine Medicine For Elderly People," She Says.

Among the many Kentucky people who have recently testified to the powers of Tanlac is Mrs. Nannie Chappell, residing at 3724 Old Third street Louisville, who in relating her experience said:

"I am now seventy-five years of age, but I doubt if there are many women that old who feel any better than I do since taking Tanlac. Why, during all the years of my life I have never seen or heard of a medicine to equal it for a few bottles have relieved me of a case of rheumatism nervousness and indigestion that had troubled me for 23 years. Some times my lower limbs hurt me so bad I couldn't walk and at times my arms pained me so I couldn't raise my hands to comb my hair. I had several attacks every year and while they were on me I could neither get up or down without help. Many a time I got so nervous I would shake like a leaf and just dread to see night come, for it was impossible for me to sleep. My appetite left me, too, and everything I ate disagreed with me.

"Finally I got so bad off with this rheumatism that I couldn't stay on my feet any longer. While I was down in bed my son, who is a passenger engineer on the Louisville & Nashville railroad, came to see me and said, 'Mother you remember how I suffered so long with stomach trouble and could hardly eat at all and lost weight and thought I would have to quit work. Well, you see me now weighing two hundred and fifteen pounds, and in such a good condition that I can eat pork or anything else I want and my health just perfect. Tanlac did this for me and I'm going to get you a bottle,' so, he did and almost as soon as I began taking it I felt better. In a few days I had a good appetite and was able to get out of bed. I have taken three bottles of Tanlac now and am feeling like a different person. Every sign of the rheumatism is gone and I am not only able to sleep soundly every night but I usually take a nap during the day. Tanlac is certainly a fine medicine for old people and I will gladly tell anyone personally just what it has done for me."

Tanlac is sold in Washington by C. S. Haver, in Lowell, by Mason's Drug Store in Jeffersonville by J. B. Davis, and in Octa by I. W. Murphy.

## Is Home Craft Week and National Gingham Week

Preparations have been made for these two events so that our stocks would be filled with the best of each. Those interested in either will find this an opportune time to make their purchases.

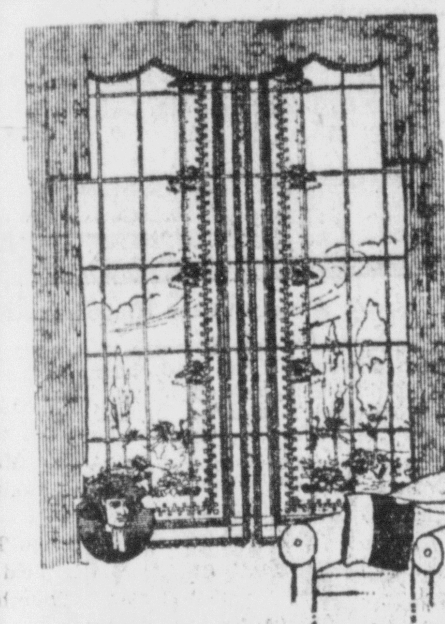

## There are two sides to your Window—

Therefore there must be two sides to your window covering. It must have a delicate but interesting design for decorative effect and to shut off the view of the curious passer-by in the street; it must be so transparent as not to shut off your view through the window of the summer loveliness of lawns and gardens. That is why our

display centers in a remarkable showing of the famous Quaker Craft Lace. This showing includes a remarkable assortment of nets and curtains in the popular filet ground, of Amerex, of Filet Richelieu, of sectional craft lace and of nets designed especially for use in the form of day-shades.

Overdraperies? Certainly, a wealth of them in all the latest patterns and colorings. Don't miss our Home Craft Week display.

## Gingham Week

We have gathered together for this week not only a large display of Gingham by the yard, but made up in Ladies' House and Porch Dresses, Aprons, Boys' Sash Suits, Children's and Misses' Dresses, Etc. This, of course, is the logical time to make your Spring purchases of these items, for the assortments are so complete.

# The HOOVER

IT BEATS ... AS IT SWEEPS AS IT CLEANS

In the soft shadings and delicate tracings of a fine rug lies its call for admiration. The maintenance of these charms is an important function of The Hoover. Rapidly its electric sweeping reveals anew the colorings dimmed by soot, and brushes straight any nap disarranged by heels. At the same time it beats out all destructive embedded grit, collects stubborn, clinging litter and thoroughly suction cleans. Only The Hoover does all this. And it is the largest selling electric cleaner in the world. We will gladly demonstrate The Hoover in your home or at our store, without obligation.

## THANK OFFERING FEATURES GRACE CHURCH SERVICES

The Annual Thank Offering Service of the Women's Foreign Missionary Society, and its auxiliaries the Young Women's Foreign Missionary Society, the King's Heralds and the Light Bearers was held Sunday morning at Grace M. E. Church, substituting for the regular 10:30 church service.

The entire center of the auditorium was reserved for these societies. The W. F. M. S. and the Y. W. F. M. S. marched in in a body. Mrs. Frank M. Kennedy, President of the W. F. M. S., Mrs. William Patton Secretary, and Mrs. Herbert Chapman, President of the Y. F. M. S., taking seats reserved for them on the platform. Following them came the little "Light Bearers," children under eight years of age, accompanied by their Superintendent, Miss Fern Sunkia.

They made an affecting picture as they bore candles down the aisle and grouped at the front to sing in their happy, childish voices "Jesus Loves Me, This I Know."

Oliver Tracey sounded the bugle in the distance, heralding the arrival of the "King's Heralds," accompanied by their Superintendent Mrs. Wm. McClain and assistant Supt., Mrs. Frank Christopher. The older children of this organization sang with splendid spirit and a pretty duet was contributed by Elizabeth and Marshall Alexander.

Mrs. Kennedy presided calling upon Mrs. William Patton for the prayer. Rev. Alexander gave an excellent short sermon, his subject "The Ends of the Earth."

A dialogue which carried a forceful suggestion as an impetus to missionary work was beautifully given by Misses Helen and Mary Durant. It was named "The Two Crosses." Miss Mary Durant impersonated the Red Cross Nurse and told of the work she had done, while Miss Helen, in a white robe held up the white cross as a missionary and brought to her listeners the need of these two crosses—the Red and the White working together for the saving of the world.

A "Missionary Appeal" made by Mrs. J. H. Chapman was fine. In an original, poem, beautiful in its sentiment and rhythm, Mrs. Chapman asked her listeners to join these organizations and contribute to their Thank Offerings.

Mesdames Harry Flea, Glenn Rodgers, A. W. Duff and Corinne Larimer, who acted as ushers, took up a gratifying collection of almost one hundred dollars.

The entire service was one of inspiration to the missionary cause.

## DR. C. W. ELDRIDGE DELIVERS THREE ADDRESSES SUNDAY

Three audiences heard Dr. C. W. Eldridge, of Columbus, deliver three notable addresses Sunday. In the morning service Dr. Eldridge spoke at the First Baptist Church, in the afternoon a mass meeting of men at the Christian Church heard Dr. Eldridge speak on "Christ in Social Service" and a union meeting at Jeffersonville in the M. E. Church was addressed by Dr. Eldridge in the evening.

Dr. Eldridge is a man who has had extensive experience in work related to the task at which he is now engaged. For fifteen years he was with the Anti Saloon League of Ohio.

Dr. Eldridge is now associated with the Bible Alliance and is engaged in the effort to place the Bible in the public schools.

In the speaker's address at the First Baptist Church in this city and at the union services in Jeffersonville Sunday evening he outlined the three great steps that will be taken by the Bible Alliance in accomplishing its work. Almost the same method will be used to bring about their victory as was used in combatting the saloon. Memberships will be secured and when a county has one thousand members enrolled a convention will be called. Sentiment for the move will be created by organization and the value of the action will be placed before the people.

When the work of the Bible Alliance is completed no man will be eligible for the school boards who is not favorable to the Bible.

Dr. Eldridge spoke here and in Jeffersonville under the auspices of the Young Men's Christian Association of this city.

## MARRIAGE DAY FIXED BY TURK

(By Associated Press)

Constantinople—(By Mail) — The Sultan, Mohammad VI has issued an imperial decree proclaiming May 1, as "marriage day" through out Turkey in an effort to promote the wedding and to arrest the decline in the birthrate. This action was taken on the request of Hazim Bey, Minister of Interior, who ascribes the decreased number of births in Turkey to the frivolity of young women.

In the Sultan's decree, all engaged persons who have been unable to marry earlier are urged to do so on May 1.—As an inducement, no charges are to be made for marriages performed on that day, guests at weddings are to make no gifts, the first children of those who wed on May 1 are to receive the names of the children of the Sultan and to receive the gift of a bracelet from the governor of the province in which the child is born.

The Sultan's son is named d'Ertoghrul and his daughters are Roukic and d' Ulvic.

## RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

An afternoon tea of perfect appointments Saturday closed the series of affairs entertained at the Ireland home by Mrs. H. C. Ireland, Mrs. Pearce Ballard and Mrs. Willard Story last week. They were among the prettiest and most charming affairs of many seasons and vied with each other in giving pleasure to congenial groups of guests.

Between the hours of two to five Saturday afternoon eighty women enjoyed the tea, with its various attractive features. Spring flowers and gorgeous hydrangeas were in artistic arrangement through the rooms and the tea table was dovel, with immense center basket of daffodils, yellow and white snap dragons and pussy willow, the handle tied with yellow and white tulle.

Assisting in the cordial hospitalities were Mesdames Willard S. Willis, Jesse Persing, H. T. Wilkin, Martin Hughey, Ray Maynard and Miss Myrtle McCoy.

For some years a little group of warm friends of Mrs. Jane Davis have given her a birthday dinner and her natal day was celebrated Friday evening at the home of Mr. and Mrs. E. A. Ellies.

The dinner was everything that the finer man could desire, with candles twinkling brightly on a big birthday cake in the center of the table.

Her eighty-fourth birthday found "Aunt Jane" in full possession of all her faculties, and as interested in all that pertained to her friends as she was a decade ago—a remarkable woman who retains health and vigor to an unusual degree.

Participating in the affair were Mr. and Mrs. Ellies and two children, Virginia and Edrich, Mr. and Mrs. Arthur Burgett and daughter, Rosemary, Mr. and Mrs. Jesse Blackmer and Mrs.

Jennie Davis, of Ashland, a niece of Mrs. Jane Davis.

Mrs. V. J. Dahl attended the convention of the South Wales District of the Ohio Federation of Women's clubs of Ohio held in Eaton Friday and Saturday, returning to Dayton to spend Sunday.

The convention was entertained by the County Federation. The first session was held Friday afternoon, Mrs. Sharp New State President, presiding. A musical concert on Friday night and a big banquet on Saturday together with the regular routine of business completed the program.

It is learned with much interest that Miss Frances Timmons, of New Holland, who is a merit student in the Sophomore Class at Ohio State University, has been appointed leader in the Folks Schools for Christian Service in the Tennessee mountains during the summer vacation and will enter upon her new duties June first. The work is under the State board of home missions and church extension.

Miss Timmons is the daughter of Mrs. Emily Timmons, of New Holland.

One of events of Easter was the quiet marriage of Miss Hazel Benner and D. A. Westfall of Greenville Saturday morning at 8:30.

The marriage services were read by Rev. C. W. Hoffer of the Christian Church.

The bride, who is the only daughter of Mr. and Mrs. Carey Benner of this place, wore a tailored suit of blue tulle with corsage, bouquet of sweet peas and forget-me-nots. After graduating from the Bainbridge High School she took up nursing at the Hodson Memorial Hospital at Washington C. H. For the past two years she has been at the Coleman hospital in Troy, Ohio.

The groom is a prosperous young farmer of Greenville, Ohio, a graduate of Franklin high school.

They took a short trip after spending Easter with the bride's parents in this place and are now at home to their many friends at their country home near Greenville, Ohio. — The Bainbridge Observer.

Sunday's Sporting page of the Columbus Dispatch contained an excellent likeness of Lynmar G. Fitzgerald youngest son of Mr. and Mrs. Harry Fitzgerald of Columbus, former residents of this city.

The picture was entitled "Young Protector Makes Good," and was accompanied by the following mention. "He is only 18 years old and is the youngest fish and game protector on Chief A. C. Baxter's staff and is rapidly forging to the front in running down outlaws. He is working on a farm near Worthington, but keeps his eye open for illegal hunters and fishermen."

The following announcement in the Columbus Dispatch of Sunday is of interest to friends of the Gwinn family of this city.

"Announcement is made of the marriage of Miss Frances Tanian and Mr. Clarence E. Gwinn, son of Mr. and Mrs. O. E. Gwinn, 1795 East Broad street, Saturday, April 10, at

Covington, Ky. The bride's brother-in-law and sister, Mr. and Mrs. E. M. Easter, 2447 Indiana avenue, witnessed the ceremony. Mr. and Mrs. Gwinn will leave for a trip through the west and will reside in Columbus where the bridegroom is associated in business with his father, president of the Gwinn Milling Co. The bride is the daughter of Mrs. Margaret Tanian of the Osborn apartments, 170 South Third street. Her father was the late J. J. Tanian.

Friends in this city will be interested in the announcement of the marriage of Mr. Harry D. Swartz son of Mr. and Mrs. William Swartz and Miss Quinta M. Cogova, of Orange, New Jersey. The ceremony was performed in Orange, Wednesday April seventh. Mr. Swartz a member of the Marine Corps is in charge of the Naval Boat House at Harrison, N. J., in which city, he and his bride will reside.

Miss Carrie Ortman, daughter of Mr. and Mrs. O. S. Ortman of Broadway, and Mr. R. N. Stuckey, son of the late John Stuckey, were united in marriage Saturday afternoon at three o'clock by Rev. K. B. Alexander.

The ceremony was performed at Grace parsonage, Mr. and Mrs. Stuckey leaving immediately for a short trip to Columbus.

Both bride and bridegroom have large family connections and many friends and the announcement will call forth best wishes galore.

The bride, who is a capable member of the East Side Corps of teachers was very attractive in a suit of navy blue, with taupe hat, gloves and shoes. The bride desires to finish her school year, so that for the present Mr. and Mrs. Stuckey will take an apartment for light housekeeping on North Main street.

Mr. Stuckey is one of the well known young farmers of this vicinity and one of the township trustees.

Mr. and Mrs. Will Haines and daughter, Mrs. Maude Howland, of Bloomingburg, hospitably entertained at dinner Monday evening a few Presbyterian friends of this city, who are attending the spring meeting of Chillicothe Presbytery convening in Bloomingburg. Their guests were Rev. Wm. Boynton Gage, Mr. and Mrs. Austin F. Hopkins, Mr. and Mrs. J. A. Walker, Miss Blanche Tullis.

Two far clocked girls sat in the Riverside bus in front of the Woman. "Where did you and Dick go last night?" asked she of the mole skin. "We stayed home" answered she of the seal.

The Woman wished the Mid-Victorian Lady had been with her to hear that. For recently she had said: "I think it's dreadful the way girls go out all the time. A young man never comes to call or to spend the evening the way they used to do when I was young. Now, the minute he gets inside the door he says, 'Well, where are we going tonight?' and then they fly off to the movies or to a hotel to dance or to some downtown show. Any place, anything, to get out and away from home!"

But here evidently was a good, old fashioned girl who had stayed home with her Dick.

And then she of the mole skin questioned again. "Why didn't you go out?"

"Well" answered the other, "I had the gas log lit and the rose-shaded lamp turned on, and Dick liked it so much that he just sat and sat. Never again! Next time he calls there'll be plain electric lights and steam heat—and we'll go out."—New York Sun.

Kid Gleason, at left, is looking over his disrupted squad. Fred McMullin is shown fielding an easy one and Dick Kerr is getting his south wing tuned up.

It is impossible to believe that the White Sox can repeat in the American league race this year. If it weren't that Kid Gleason is still their manager, the Sox would be accorded a tail-end position for 1920. But Gleason showed his skill by pulling one pennant winner out of a team wrecked by war and peevish athletes. He has a worse wreck this year, however.

## POLISH ARMY HAS TROUBLES

(By Associated Press)

Warsaw—(By Mail)—Bolshevism is not the only enemy with which the Polish army has had to contend this winter on the eastern front, grey wolves being unusually numerous.

Americans who have returned to Warsaw from the vicinity of Dvinsk, reported that some weeks ago two mounted Polish soldiers went out on a patrol between the lines at a time when the snow was several feet thick and never came back. Later the skeletons of the soldiers were found near the bones of the two horses. Both pistols were empty, and nearby were the frozen bodies of seven wolves, shot to death in the fight the soldiers made for their lives.

Packs in this section of the country this winter have been running from fifteen to forty wolves, and the animals are reported as being unusually ravenous.

Many Polish soldiers have been incapacitated by the freezing of hands and feet. Polish officers told the Americans that in one division on the northern front more than 50 soldiers had their feet frozen, 32 of them so severely that amputation was necessary.

## COPPER CHAIR FOUND IN JUNGLE GIFT OF QUEEN

(By Associated Press.)

London. (By Mail)—The massive chair made of copper which natives believe was given by the late Queen Victoria of England to an Ashanti chieftain and used by him as his throne, has been discovered in the midst of a jungle far from human habitation in the Gold Coast Colony, West Africa. According to native legend it was placed over the grave of the chieftain who had occupied it when alive.

In their superstition they believe he still sits upon his old throne in spirit at certain times and, for this reason, they have never tried to move the chair which, they declare, had now rooted itself in the ground, says a dispatch to the Daily Graphic.

A Gold Coast surveyor first stumbled across this curiosity. A search party returned to the spot and found the jungle so dense that the natives had to hack a path with cutlasses through the undergrowth.

In spite of inquiry, no confirmation of the native story as to the history of the chair has been obtainable and how it came to be in the jungle remains a mystery.

## GOLD ARRIVES

## TRAIN LOOTING VERY COMMON WITH AUSTRIANS

(By Associated Press.)

Vienna. (By Mail)—Looting of freight trains particularly of foodstuffs and wearing apparel goes on unchecked throughout Austria. Unless conveyed, it is said, a shipment stands little chance of coming through intact. The robbers seem well organized and armed and often so numerous as to resist arrest.

Gift cargoes from other European states seem the favorite plunder and, according to report, much of the stolen goods has been found on sale in the open market.

A large consignment of this character from Sweden arrived this week and when the well arranged food parcels, containing flour, fats and other staples, were opened it was found that a portion of the fat and flour had been skillfully removed from each package and a sack of Austrian salt substituted to make up the requisite weight.

## YOUNG GIRLS MADE STRONG

Mrs. Boyd Tells How Her Daughter Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Danville, Ill.—"My daughter was very delicate and we thought we could not raise her. She was troubled with irregularity and she was not able to go to school. For a year we gave her all kinds of tonics but to no good. One day one of your little books was thrown on our porch and I saw what Lydia E. Pinkham's Vegetable Compound had done for others and what it might do for her. Now she is getting fat and goes to school every day. You can tell every mother what the Vegetable Compound has done for my daughter."—Mrs. J. H. Boyd, 1002 N. Jackson St., Danville, Ill.

If every girl who suffers as Miss Boyd did, or from irregularities, painful periods, backache, side he, dragging down pains, inflammation or ulceration could only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

# MANY COUNTY BRIDGES ARE DECLARED UNSAFE

Light Construction During Past Years Not Sufficient To Carry Great Loads of Today, Reports County Surveyor Kennedy.

ONE BRIDGE STOOD FOR EIGHTY YEARS

County Surveyor Makes Report To Commissioners On Condition of Nearly Three Miles of Bridges.

That the condition of a great many of Fayette county bridges are such that they are unsafe to support loads such as pass over them almost daily, and should be given proper attention to prevent disaster, is the gist of a report filed Monday with the county commissioners, by County Surveyor Frank M. Kennedy, who has just completed a comprehensive inspection of the 250 bridges in Fayette county and finds a great number of them too light for modern loads.

A great deal of interesting and almost startling information is carried in the report, which states that bridges constructed in bygone years were not intended to carry the tremendous weights of the present day, and that it is next to impossible to make repairs on the bridges that will give them any great additional strength.

The report also shows that at least

one bridge is in use that was constructed in 1840—or 80 years ago. The report follows:

"To the Honorable Board of Commissioners, Fayette County, Ohio. Gentlemen:

"As the law directs, I am submitting a report of the condition of the bridges on the public highways of Fayette County. I have been engaged since last September, as opportunity would afford and weather conditions would permit, in compiling the data which this report shows. During that time I have made an inspection of all of the 250 bridges in the county; the water in the streams in many cases being above the normal it has been impossible to secure a good examination under-view of joists and floor system; this will be done as soon as conditions will permit.

"The situation in regard to our bridges is alarming; there is no cause for hysteria but serious reason for grave concern for those whose duty it is to provide the methods, ways and means for the correction of present conditions. Methods of travel always have led to road development; before our pikes, came the carriage and buggy; the motor car and truck made their advent in advance of the modern type of road. Public sentiment has crystallized in favor of road improvement but this same public passes over our bridges with little concern believing the bridge to be in as good condition as the road; the condition of the road can visually be known, but the strength of our bridges cannot in the same manner be determined. The volume and weight of highway traffic has increased far beyond the figured capacity of many of our bridges. As rapidly as possible these should be replaced or strengthened to meet the heavy motor traffic which is a growing economical necessity. There should be a systematic development of plans and financed in such a way that each year a fixed amount of work could be done in a permanent way in addition to the up-keep on the remainder.

"All bridges should be standardized, especially as to capacity and width of roadway and no better plan could be chosen than to follow the general designs evolved by the Bureau of Bridges of the State Highway Department. There plans must be followed in the construction of new work on all state roads; it is equally as important that the bridges on the less important roads come up to the same requirements as to design, strength and permanency.

"We have one all timber bridge yet doing service erected in 1849, in which was used over fifty-two thousand feet of lumber. Then followed the construction of a number of wood truss bridges—five of which are still going service. On a great many of the less important roads wood pile bridges were erected; all of these have been replaced. The advent of the iron bridge was in the latter part of the seventies; these were made under various patents; the bow string arch, the Phoenix column, the Columbia I and channel members and others. All of these were a combination of wrought and cast iron. Most of these are yet in use. The transition from the foregoing to the steel truss bridge was about 1880; since that time the steel truss was usually erected for the long spans but many riveted and beam bridges have been erected for the shorter spans. Concrete has been used on many of the short spans. Paint Creek on Millikan avenue is spanned with the only long span reinforced concrete bridge in the county.

"I desire your valued judgment in assisting me to determine, with the funds available or may soon become available, the bridges which should first receive our attention. I have compiled a complete list, which is on file in my office, showing the condition of the bridges. We should have a conference in regard to this work and arrange a constructive and replacement program at your earliest convenience. I herewith submit data gleaned from said list which will give you some idea of the extent and proportions of the task before us.

"If all the structures in the county—good and bad—called bridges, should be placed end to end they would reach a distance of 2.78 miles; the 78 mile could reasonably be called permanent or semi-permanent; the 2 miles is either all timber or steel and (timber combined, the amount of lumber required for the construction of the latter—is \$28,500 feet board measure. Two hundred thousand feet of this amount, (clear white pine) could not be bought in the open market at any price. At least six hundred thousand feet of lumber is required in the floor systems of our bridges. In addition to the above, there is required two hundred and five thousand shingles for the roofs of the six covered bridges.

Respectfully submitted, FRANK M. KENNEDY, County Surveyor.

THIS PUNY SICK  
LITTLE GIRL NOW  
ROMPS AND PLAYS

Was weak, sickly, had no color, took no interest in anything. Easy to cry and had a weak stomach.

Mother gave Drego, and now she is full of life and is healthy and strong.

"My little girl was in a bad way only a few weeks ago, but she is like a different child now," stated Mrs. Essie Angel, of 917 East Street, Springfield, O.

"She took no interest in anything but seemed listless. There was no color in her cheeks, she would cry at nothing and seemed irritable all the time. Her stomach was weak and lots of things disagreed with her, so I had to be very careful about her food. She was getting so thin that I became alarmed about her."

"I started her on Drego and it is remarkable the way she has come out. Why, she is full of life now and plays and romps like any healthy child should. Her little cheeks are rosy and she is getting real plump. Drego set her stomach right and her food digests well. I am proud to recommend Drego after what it did for my baby."

Drego is good for man, woman or child. Any person who is weak, run-down, has a disordered stomach, lazy liver, weak kidneys, constipated bowels, or who has catarrh, rheumatism, eczema or thin blood, should take this great root and herb remedy, which acts pleasantly and promptly on the vital organs to overcome these troubles.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lozy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

## TAX LISTERS ATTENTION

Personal property will be listed for taxation in the same manner as last year, each person owning or holding personal property of whatever nature is required to furnish a list for taxation on blanks furnished for that purpose. The law makes such person his OWN ASSESSOR, and as such you are to return all taxable property in your possession on the 11th day of April at its TRUE VALUE IN MONEY.

Each return must be filled out complete and SWORN to within fifteen days and delivered to the County Auditor before the first of May, 1920.

Failure to observe the law, penalties apply as follows: The taxpayers lose the exemption allowed by law and are also subject to a 50 percent penalty for willful neglect, and for false oath liable to prosecution for perjury.

Failure to receive a blank by mail is no excuse.

Do not delay, 15 days is the limit. Help us out by returning your list at once.

Read and study your blank and instruction sheet before making entries. Your taxing district will be stamped on the blank when same is mailed. However, if you have moved into another taxing district, please change to your present taxing district.

If you have property to list in two or more taxing districts, please fill blank for each district and name same.

If not a merchant or manufacturer fill out and answer all questions on blank EXCEPT on page 3.

Blanks must be complete as the County Auditor is PROHIBITED FROM RECEIVING RETURN UNTIL SAME IS DONE.

In returning live stock do not fail to state number of animals in each class.

Poultry under 4<sup>th</sup> is made Taxable under new Rating.

The agriculturist should fill out the 4th page.

Those who have constructed or completed new buildings and additions or made improvements since last April, please report same on page two of blank, regardless of action of appraiser.

Complete the blank in full, answer all questions, and return to the County Auditor's office at once.

Tax blanks will be left at the different Banks and Country Stores over the County for the convenience of those who do not receive one by mail.

# Leonard WOOD

The Man of the Hour

Why Leonard Wood Is Best Fitted by Character, Temperament, Ability, Training and Experience to Be the Nation's Chief Executive

### Administrator---

Leonard Wood's civil administration of the island of Cuba is a white page in the colonial and foreign history of our nation.

His governorship, both in Cuba and the Philippines attracted the attention and won the admiration of all the civilized countries. For the reason that his methods of reorganization were based on constructive, hygienic, legal and educational reforms, and were not forced upon the people by military pressure.

Wood found Cuba a military colony, suffering from centuries of misrule, plagued by yellow fever, torn by dissension, and discouraged by defeat in war. In four years he left it a clean, sanitary Anglo-Saxon republic.

Governor-General Cromer, of England, the creator of modern Egypt, called Wood's achievement the greatest piece of colonial administration in all history.

### Soldier---

Leonard Wood's knowledge of just what this nation does and does not need in military organization is probably keener than that of any other man in America.

From the beginning of his active military service when he organized, trained and led the 1st U. S. Volunteer Cavalry (Rough Riders) through the Spanish-American War, the Apache uprising and the training camps at Plattsburg and Camp Funston, his record has been one of courage, patience, untiring effort and duties faithfully and conscientiously performed.

### Statesman---

Leonard Wood has been the close friend of some of our most honored presidents—of McKinley, of Cleveland and of Roosevelt.

In 1910 he was sent as special ambassador to Argentine Republic and has since been entrusted with other important commissions where tact, diplomacy and statesmanship have been vital factors.

Theodore Roosevelt said of Leonard Wood: "During eighteen years he has rendered to America service of the highest value and of a kind that could be rendered only by a man of wholly exceptional ability and power, ardent in his big-hearted devotion to the honor of the flag and the welfare of the nation."

### Forward-Looking American

Leonard Wood has expressed himself strongly and clearly on his advocacy of a "square deal" for all. "We must give the farmer a square deal," said General Wood. "I believe in giving him a Department of Agriculture in the hands of men who know farming from the furrow to the crop." "I believe the irksome war taxes, which make life a burden to the small business man, farmer and householder, should be spread over a longer term of years." "I do not believe in cutting taxes on corporations and loading them on the individual." "I believe in a far larger measure of direct dealing between producer and consumer." "I advocate a budget system by which the expenses of the nation will be determined in advance."

## HOW KOLCHAK'S ARMY OF 80,000 MELTED AWAY

New York. (By Mail)—How an army of 80,000 Kolchak troops "melted away" by desertion to the Bolsheviks, following a speech made to prisoners of war by Leon Trotsky, in Omsk, Siberia, two days after that city's evacuation by the All-Russian forces, was told here by Major Gen. the British, Canadian and All-Russian Gen. I. Thord Gray, a former officer of armies just returned from Vladivostok.

Trotsky, he said, addressing the prisoners as "comrades" said they would be welcomed by the red army if they cared to join. Captive officers, he said, who wanted to return to Kolchak would be given safe escort and 2,000 roubles each. A number of the prisoners accepted the offer and returning to their own lines, told what Trotsky had done. Within two weeks, General Thord Gray said, Kolchak had practically no army and a few months later was executed.

General Thord Gray went to Siberia with a Canadian expedition and was taken prisoner by the Bolsheviks when they captured Vladivostok. Before leaving, two attempts, he said, were made to assassinate him.

Towards the last, he said, the Bolshevik troops showed better morale than Kolchak's men. They also had one machine gun for every 20 men, he said, whereas the Kolchak army had only three with every battalion, almost 600 each. During the retreat of the Kolchak army, a 2,000 mile retreat, they were driven before machine guns but seldom before rifle fire. General Sakharoff, the All-Russian war minister and chief of staff, he said, "lost the army at Omsk without a fight."

## JACK DEMPSEY AND MANAGER ARE EAGER TO GO TO TRIAL ON SLACKER CHARGES

Most recent picture of Jack Dempsey, at left, and Jack Kearns.

While Georges Carpentier, European heavy champ, is basking in the spotlight in the east, Jack Dempsey, world's heavyweight king, is out on the Pacific coast waiting to tell the court that he and his manager, Jack Kearns, are innocent of any attempt to evade the draft law during the world war.

## 30 AUTO LOADS PLAN TO ATTEND HARDING SPEECH

Tuesday afternoon at three o'clock, thirty or more automobile loads of Fayette county republicans will leave this city for Columbus to attend the big mass meeting in Memorial Hall when Senator Harding will deliver what is believed will be one of the most important speeches of his entire presidential campaign.

It is announced that up to Monday noon thirty auto owners had offered their machines and that each driver was expected to find sufficient men to fill his car.

However those who have not made arrangements to go and will communicate with M. S. Daugherty, arrangements will be made to furnish accommodations.

The meeting will be over by 9:30

## PARKING SYSTEM IS SATISFACTORY

Persons who parked their automobiles in this city Saturday afternoon and evening generally observed the new parking rule recently put into effect by the police authorities and there was little congestion. It will be possible to place more cars in the main streets by the new system than ever before.

More efficiency will be added to the system, when the streets have been resurfaced, by marking off spaces for the cars.

## DEPUTY TO CARRY BAITER WEAPON

Deputy Sheriff A. C. Nelson will soon be carrying the gun the John (Hoggy) Bainter carried when he was murdered five years ago. The revolver has been on exhibit since it was dug up by the sheriff when the body of Bainter was exhumed but was returned to the deputy last week.

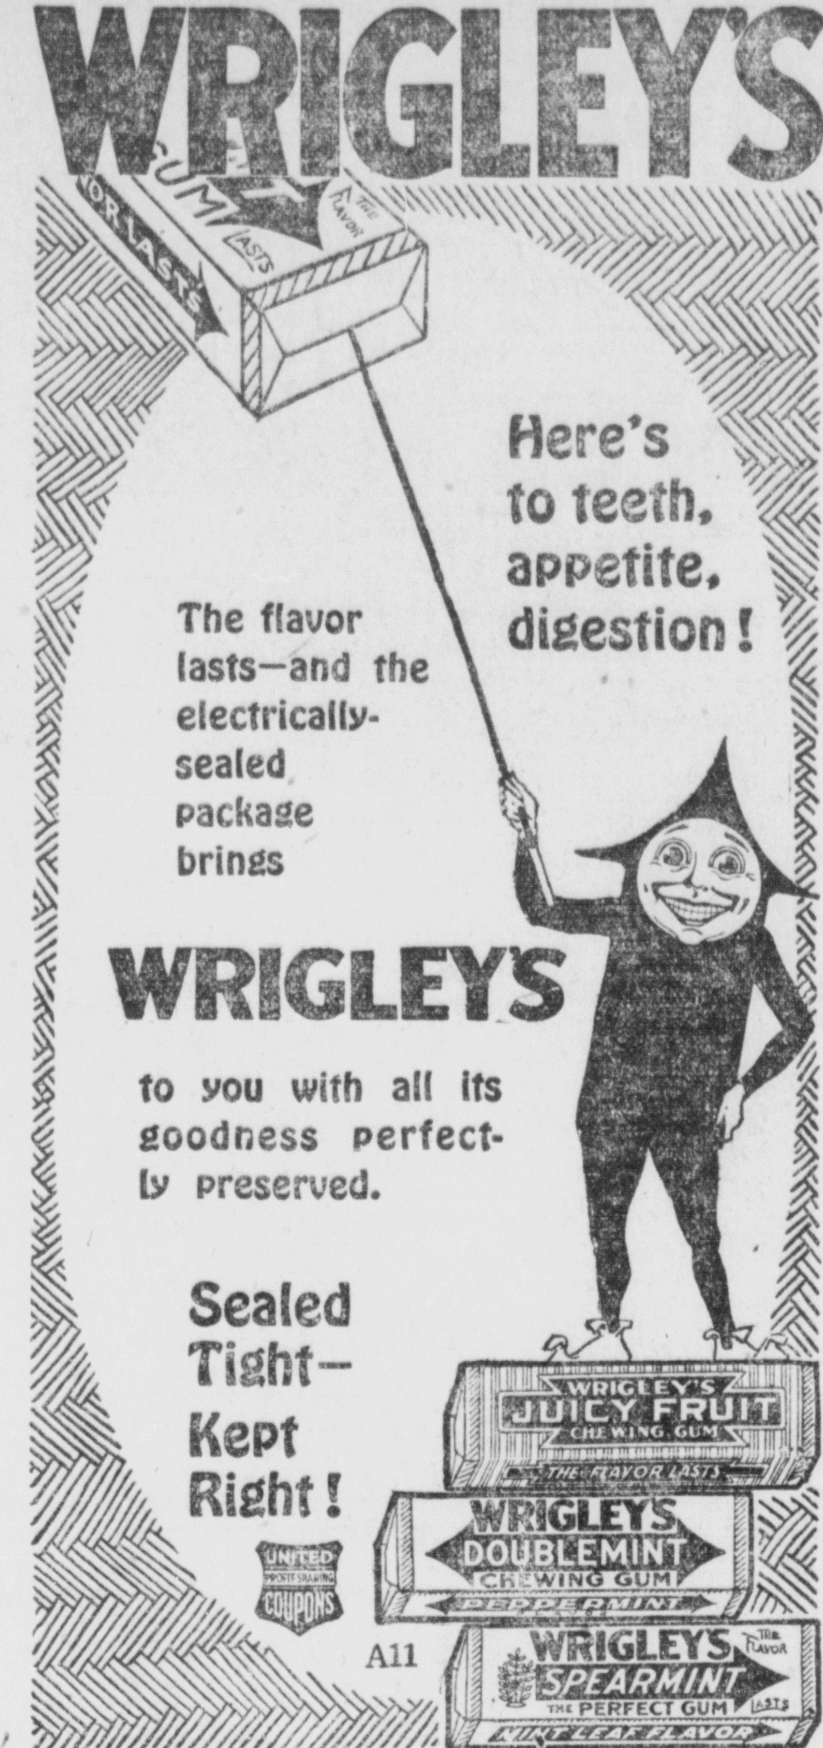

The weapon is a Smith & Wesson of .32 calibre, hammerless. Sheriff Nelson will send the gun to the factory and have it remounted.

When Bainter was buried by his murderer the gun was not in his clothes but was thrown in on top of him after the body had been covered with dirt.

## FEED YOUR SPRING CROPS

Successful crops depend upon the amount of fertility in the soil. The use of

Fertilizers for Corn and all Spring Crops as well as for Gardens has proved highly profitable and returned a big interest for the money invested.

The present season is unusually late and the use of Fertilizers to insure maturity before frost makes Fertilizer for Corn especially important.

To be sure of having it, place your order as soon as possible for the best goods on the market—
